# Leetmates Terms and Conditions

Effective Date: October 16, 2026 | Official Legal Agreement

Welcome to **Leetmates** ("we," "our," or "us"). These Terms and Conditions ("Terms") govern your access to and use of the Leetmates browser extension, website, and related services (collectively, the "Service"). By installing, accessing, or using Leetmates, you agree to be bound by these Terms.

## 01 DESCRIPTION OF SERVICE

Leetmates is a browser extension designed to foster a collaborative community for LeetCode users. The Service allows users to:

- Connect and authenticate via Supabase Authentication.
- Share real-time LeetCode activity (such as active problem solving and online/offline status) with other users in lobbies.
- Restrict lobby visibility to friends only via privacy settings.
- Search for, send, receive, and accept friend requests.
- Send and receive push notifications ("pings") between approved friends.

## 02 ACCOUNT REGISTRATION AND AUTHENTICATION

1. **Authentication:** You must authenticate using Supabase Auth to access the core features of Leetmates. You are responsible for maintaining the confidentiality of your login credentials.
2. **Account Responsibility:** You are solely responsible for all activities, actions, and content associated with your account.
3. **Accuracy of Information:** You agree to provide accurate profile information and keep your LeetCode ID and profile data up to date.

## 03 DATA COLLECTION AND PRIVACY

Your privacy is important to us. By using Leetmates, you acknowledge and agree to our data collection and handling practices:

### Information Collected & Stored

We collect and store personal and usage data in our databases (hosted via Supabase), including:

- **Profile Information:** Username, LeetCode ID, country, career level, and profile picture.
- **Activity Data:** URL activity on LeetCode domain(s), active problem status, and online/offline availability.
- **Social Connections:** Friend lists, pending requests, and lobby preferences.

### Real-Time Data Broadcasting

- **Public / Open Lobbies:** When you visit LeetCode, your active status and the specific LeetCode problem you are viewing will be broadcast in real-time to other active users in your assigned lobby.
- **Friends-Only Mode:** If you opt for "Friends Only" lobbies in your settings, your LeetCode activity will only be broadcast to users who have mutually accepted your friend request.

### Web Notifications

By using the friend ping feature, you consent to receiving browser push notifications initiated by approved friends. You can manage or disable notifications through your browser settings at any time.

## 04 USER CONDUCT AND ACCEPTABLE USE

You agree to use Leetmates only for lawful purposes and in accordance with these Terms. You agree **NOT** to:

- Misrepresent your identity or impersonate any other person or LeetCode user.
- Send spam, unwanted automated pings, or abusive push notifications to other users.
- Attempt to bypass lobby privacy controls or access real-time activity of users who have restricted their status to friends-only.
- Reverse engineer, decompile, or attempt to extract source code or underlying protocols of the extension or API.
- Use Leetmates to scrape, harvest, or spam user profile information or LeetCode data.
- Use the Service in any manner that could interfere with, disrupt, or negatively affect Leetmates servers, databases, or third-party platforms (including LeetCode).

## 05 THIRD-PARTY SERVICES AND DISCLAIMERS

**1. LeetCode Disclaimer:** Leetmates is an independent browser extension and is **not** affiliated, associated, authorized, endorsed by, or in any way officially connected with LeetCode (LeetCode Inc.) or any of its subsidiaries.

**2. Supabase:** Authentication and database storage are facilitated through Supabase. Use of authentication services is subject to Supabase's terms of service and availability.

**3. Availability:** We do not guarantee uninterrupted or error-free operation of the Service. Activity tracking relies on third-party site structure (LeetCode) and browser extension APIs, which may change or break without prior notice.

## 06 TERMINATION AND SUSPENSION

We reserve the right to suspend or terminate your access to Leetmates immediately, without prior notice or liability, for any reason, including if you breach these Terms or engage in behavior deemed harmful to the community or service infrastructure.

You may stop using Leetmates at any time by uninstalling the extension from your browser and requesting account deletion by contacting us.

## 07 LIMITATION OF LIABILITY

To the maximum extent permitted by applicable law, Leetmates and its developers, affiliates, or licensors shall not be liable for any indirect, incidental, special, consequential, or punitive damages, or any loss of data, use, goodwill, or other intangible losses resulting from your access to, use of, or inability to access or use the Service, or from real-time broadcasting of your activity in accordance with your settings.

## 08 CHANGES TO TERMS

We reserve the right to modify or replace these Terms at any time. If a revision is material, we will provide notice through an updated extension version, website post, or in-app notification. Your continued use of Leetmates after any changes constitutes acceptance of the new Terms.

## 09 CONTACT US

If you have any questions or concerns regarding these Terms and Conditions, please reach out through our official support channel or repository.
